Post-Observation Reflection Form
Eastland CUSD #308

The teacher should complete and submit this form within 48 hours of each formal observation:

Teacher _____ School _____

Date of Observation _____ Observer _____

Be prepared to discuss your reflections during your post-observation conference. The evaluator will not complete your written evaluation until he/she has received this written reflection on the lesson that was observed.

1. In general, how successful was the lesson? Did the students learn what you intended for them to learn, and how do you know?

2. If you were to teach this lesson again, what would you do differently? (If nothing, please explain briefly)

3. As you reflect on this lesson, please share anything else that you feel the observer should know as he/she completes your written evaluation.
